Dilbar
At 110 metres (360.9ft), Dilbar is one of the world’s most impressive superyachts. Delivered in 2008 by the world-renowned German shipyard, Lürssen, her sleek profile was sketched by Tim Heywood, and Alberto Pinto envisaged her interior, providing accommodation for up to 16 guests and 41 crew.
The perfect combination of performance and unrivalled luxury, Dilbar reaches a maximum speed of 20 knots and has a transatlantic range of 5,300 NM.
The secluded sun deck with its beautiful, glass-fronted mosaic jacuzzi and expansive sunlounging area is located forward, while a fully certified helipad occupies the aft section.

EC 155 helicopter landing on the aft deck
Every detail has been carefully considered on the spacious owner’s deck. The owner’s suite overlooks its own private foredeck and the full beam owner’s office features a large lounge area that opens onto the aft deck. An elegant conference room with seating for 12 offers fantastic views or complete privacy, as required.

OWNER’S SUITE

The full beam owner’s suite has stunning 180 degree views forward over the bow, and a door leading out to its own private foredeck. An exquisite bathroom with picture windows and a large, well-equipped dressing room are positioned on the port side.
Alberto Pinto’s striking interior design is both luxurious and supremely comfortable. The centrepiece of the upper aft deck is a huge al fresco dining table, complemented by extensive seating areas and a stunning mosaic-lined pool with swim jets and underwater lighting. Inside, the impressive saloon has an Oriental theme, and a cinema is located near to the VIP suite amidships.

The wheel house
Pinto’s warm wood interior runs throughout the main deck, from the stunning companionway to the elegant saloon and piano bar. A fold-down balcony fills the formal dining room with light and fresh air, creating a unique inside/outside dining experience. While amidships on the starboard side, a second VIP suite has its own private fold-down balcony and lounge area.
The elegant central staircase

Companionway leading to the main saloon
An expansive beach club leads into the lower deck reception and adjoining gym and wellness centre with its plunge pool, steam room, sauna and massage room. Four luxurious guest suites are also located on this deck, each individually designed with en suite bathrooms, sofas and dressing areas.

**SPECIFICATIONS**

**TYPE**
Twin screw diesel yacht

**FLAG**
Cayman Islands

**DIMENSIONS**
- Length Overall: 110m (360.9ft)
- Beam: 16.3m (53.5ft)
- Draft (full load): 4.6m (15.1ft)

**GROSS TONNAGE**
5,148

**YEAR BUILT**
2008

**BUILDER**
Lürssen-Werft, Germany

**NAVAL ARCHITECTURE**
Lürssen

**EXTERIOR DESIGN**
Tim Heywood Designs

**INTERIOR DESIGN**
Alberto Pinto

**CONSTRUCTION**
Steel hull and superstructure, teak laid decks

**CLASSIFICATION**
Germanischer Lloyd

**MAIN ENGINES**
2 x MTU 16V1163TB73L diesel engines producing approx. 4,960 kW at 1,230 rpm each (6,934hp)

**PROPULSION**
2 x CPP propellers
Dynamic positioning system with 4 azimuthing thrusters

**SPEEDS**
- Cruising speed: 16-18 knots
- Maximum speed: 20 knots

**RANGE**
5,300 NM with a reserve of approx. 5% at 16 knots

**FUEL CAPACITY & CONSUMPTION**
- 427,696 litres (112,985 US gallons)
- Approx. 1,300 litres per hour at 16 knots

**GENERATORS**
4 x MTU 12V 2000 M50A marine diesel

**STABILISERS**
Quantum zero speed; 4 fixed fin

**AIR CONDITIONING**
Single duct chilled water system

**SAFETY & SECURITY**
- High pressure water fire-fighting system
- Foam fire-fighting at helicopter landing area
- Helicopter touch-down point fire-fighting equipment
- Alarm monitoring of temperatures and door opening
- Video surveillance (approx. 40 cameras including night vision)
- 6 x 25-man life rafts
- Life-saving appliances for 75 persons fitted in accordance with the Flag requirements

**COMMUNICATIONS AND AUDIO-VISUAL**
- 3 x European GSM cellular telephones
- 3 x US GSM cellular telephones
- 3 x VHFB radio telecommunication for aeronauteal frequencies, 156.8 and 976 MHz
- An automatic telephone system for 64 participants
- 2 x voice connection lines with interfaces to satellite terminals and computer network
- Intercom system at all elevator stations
- TETRA UNI radio system with active onboard aerial
- Accommodation areas equipped with wireless intercom to the albums
- Full range of audio-visual equipment including large LED screens, HD satellite TV and isolated audio systems

**NAVIGATION**
- ARPA radar interface
- 1 x 5-based 30 kW ARPA radar
- 1 x band 10 kW ARPA radar
- 2 x Dual fuel ECDIS systems
- Magnetic compass with autopilot and SatCom systems
- 1 x Radex receiver
- 1 x GPS receiver
- 1 x ECDIS
- 2 x radars (S-Band 30 kW; X Band 10 kW)
- 2 x VHF radio telephone systems
- 1 x VHF/AM aeronautical transceiver for aeronautical frequencies 118-136 and 975 MHz
- 1 x Automatic telephone system type for 64 participants
- 2 x shore connection lines with interfaces to satellite terminals and computer network
- 1 x TETRA UHF radio system with active onboard aerial
- 2 x shore connection lines with interfaces to satellite terminals and computer network
- Full range of audio-visual equipment including large LED screens, HD satellite TV and isolated audio systems

**GYM EQUIPMENT**
2 x Technogym treadmills
1 x Technogym elliptical trainer
1 x Technogym exercise bicycle
1 x Technogym Kinesis

**ACCOMMODATION**
- 16 guests in 8 cabins (owner's suite, 7 double cabins)
- Owner's suite with VIP suite adjacent
- Two VIP cabins, one with deck access, one with private terrace
- Four further guest cabins on the lower deck
